*Results pertain to sample received according to sampling procedures SOP-065-PA and relate only to items tested. All testing activities (except sampling) took place at the laboratory address listed on transfer manifest.*

*Action limits set according to Pennsylvania DOH. Where statements of conformity are made ('pass' vs. 'fail'), the simple acceptance decision rule is applied. The measurement uncertainty associated with each test method may impact the certainty with which a statement of conformity is made. This is a simplified report, however measurement uncertainty and limit of detection values are available upon request.*
